### From the Secretary

After many anxious moments all the deadlines for printing and despatching the unification material have been met, and the appropriate documents should by now be in the hands of all members living in the UK. We have used airmail for those living overseas in the hope that this will allow plenty of time for consideration. The proposals were released to the Press on 26th August.

Please note the date of the EGM in your diary: 26th October 1982 at 1415 at RIBA.
